FREEDOM FROM SEXUAL VIOLENCE

CCASA ORGANIZATION AND MEMBERSHIP OVERVIEW

MISSION AND HISTORY OF CCASA

FOUNDED IN 1984, the Colorado Coalition Against Sexual Assault (CCASA) is a membership organization promoting safety, justice, and healing for survivors while working toward the elimination of sexual violence. We provide education and training, publications and resources, expert consultation, advocacy for victim-centered public policy at the state and national level, and actively promote offender accountability.

Members come from a variety of backgrounds including:

- businesses & concerned citizens seeking a society free of sexual violence
- campus advocacy and prevention programs
- child advocacy centers
- District Attorney's offices
- law enforcement agencies
- law enforcement victim assistance programs
- medical professionals
- mental health professionals
- military prevention and response programs
- rape crisis and domestic violence agencies
- school-based programs
- sexual assault nurse examiners (SANEs)
- sexual assault response teams (SARTs)
- sexual assault survivors
- sexual violence offender treatment programs
- victim witness programs in District Attorney's offices

CCASA'S BOARD OF DIRECTORS is composed of representatives from member agencies and individuals with specialized expertise such as accounting and finance, legislative processes, and legal issues. We strive to ensure that the Board represents five regions in Colorado: Northeast, Southeast, Central/ Metro, Northwest, and Southwest. We are also seeking dedicated individuals to serve on committees and to help support organizational development.

CCASA ORGANIZATION AND MEMBERSHIP OVERVIEW

CCASA COMMITTEES are engaged in important, focused work that benefits our membership. Each committee consists of CCASA members, partners and relevant staff. MEMBERS LOCATED OUTSIDE OF THE DENVER METRO AREA ARE ENCOURAGED TO PARTICIPATE VIA CONFERENCE CALL.

The following committees are currently active:

- POLICY COMMITTEE works to influence the legislature on issues surrounding sexual violence and is staffed by the Director of Policy. The committee reviews state policies concerning sexual assault survivors, services, and offender management, and represents CCASA's membership's perspective and policy concerns. The public policy committee meets monthly, but may convene more frequently during the legislative session on an as-needed basis. Any CCASA member is welcome to join the committee.
- SURVIVOR TASK FORCE (STF) is staffed by the Communications & Development Coordinator, and participation is open to anyone who identifies as a survivor of sexual abuse/violence or as the partner or family member of a survivor of sexual violence. Members are not expected to publically identify themselves as a survivor. Each person contributes to the task force in her or his own way. While the STF is a safe place for survivors, please note that this is not a support group. STF members should be at a place in their healing processes where they have received supportive services and are able to positively contribute to the group's mission.
- CCASA BLOG COMMITTEE is staffed by the Communications & Development Coordinator and comprised of CCASA members who oversee the CCASA blog posts, outreach, and branding. The purpose of the CCASA Blog is to create a conversation among members, partners, and the general public about issues related to sexual violence prevention.
- ANTI-OPPRESSION ADVISORY COMMITTEE (AOC) works to enhance the organization's core value of anti-oppression and social justice which states: CCASA recognizes that sexual assault and oppression are intricately linked and is committed to grappling with the complexities of societal power and privilege in order to create inclusive policies and practices. The AOC is comprised of community stakeholders and partners and meets at least once a quarter either by conference call, video, or in person.
- ASPIRING WHITE ALLIES GROUP (AWAG) is comprised of CCASA members and partners who want to grow in their ally-ship to address racism and its intersection with sexual violence and other forms of

oppression. The group meets monthly via web/phone/in-person meetings in order to learn, develop skills, and work to hold themselves, each other, and our communities accountable.

- COMMUNITIES OF COLOR ALLIANCE (CoCA) is comprised of members and partners who identify as a person of color and who want to create community, raise awareness, and promote practices and policies that recognize the intersections of race, sexual violence, and other forms of oppression. The group meets monthly through web/phone/in-person meetings.
- FUNDRAISING COMMITTEE is comprised of CCASA members and partners and is staffed by the Executive Director. The Committee exists to raise funds and plan events to broaden support for CCASA in the community.
