

Survivor Task Force

Thank you for your interest in CCASA's Survivor Task Force (STF)! Participation in the STF is open to anyone who identifies as a victim/survivor of sexual violence or as the partner or family member of a victim/survivor of sexual violence. Members are not required to publically identify themselves as a survivor. Each person contributes to the Task Force in their own way. Please note that this is not a support group and the STF is not an avenue to change the outcome of a specific case. STF members should be at a place in their healing processes in which they have received supportive services and are able to positively contribute to CCASA's mission.

Please fill out the form below so that we can learn more about you and your goals! Email your completed form to Jolene Cardenas, Director of Communications and Development, jolene@ccasa.org or mail it to:
